D. J. I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of ours was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have nassed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me. Eugene M.
